DAHLIAS

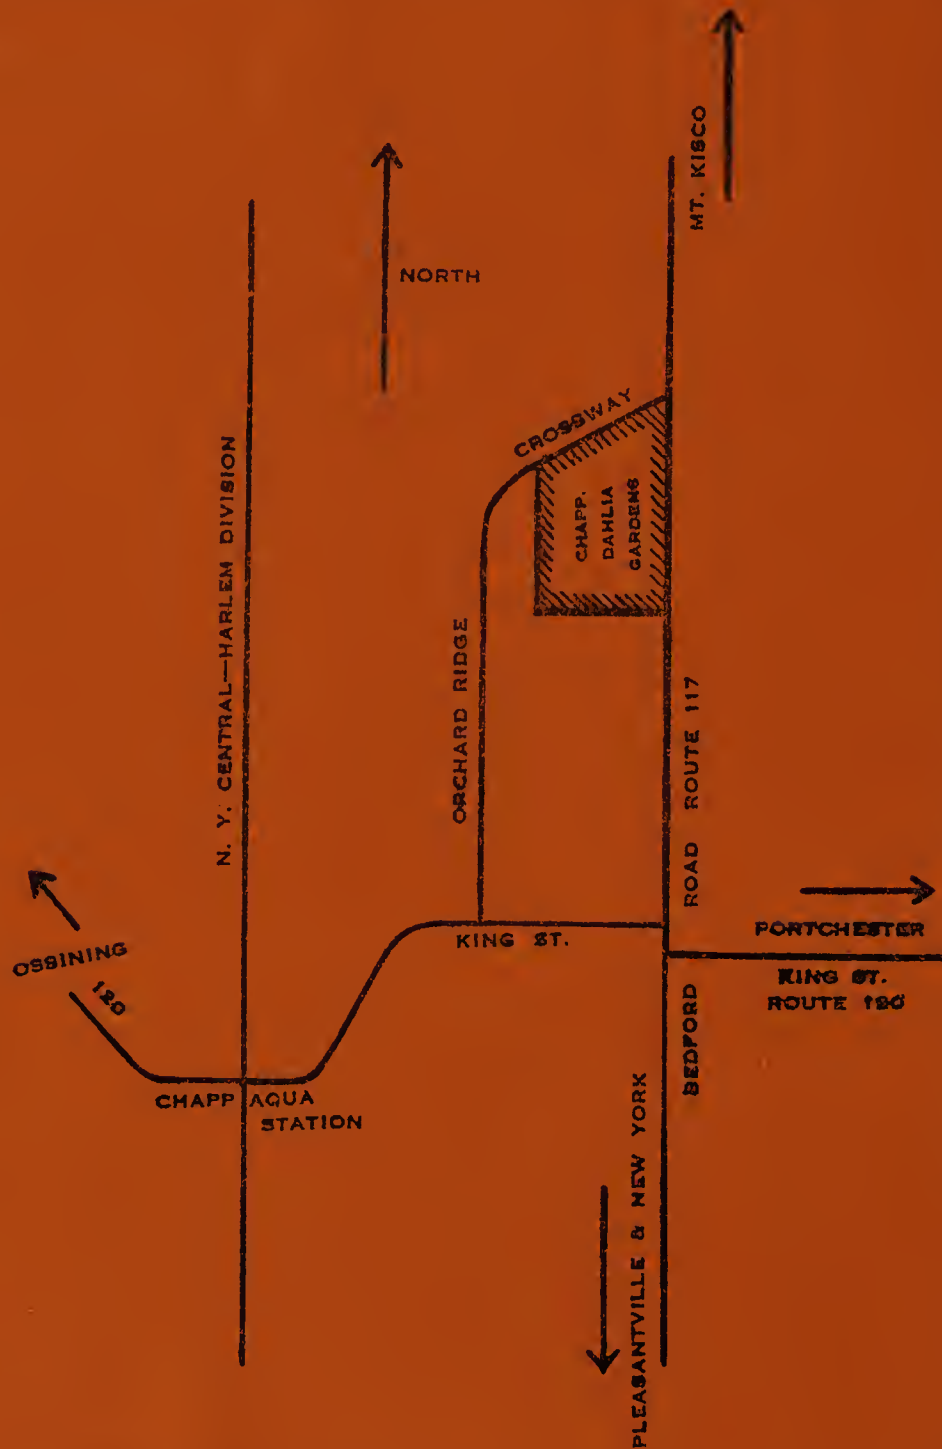

CHAPPAQUA DAHLIA GARDENS
CHAPPAQUA, N. Y.

VISITORS WELCOME

WE extend a cordial invitation to you to visit our gardens during the season, where you will find growing, the latest introductions and novelties in

Dahlias. We are located on the west side of Bedford Road at the Crossway (Orchard Ridge), about half-way between Mount Kisco and Pleasantville on route 117. Thirty miles north of New York or 1 hour motor-ing distance. Take New Saw Mill River Parkway to Chappaqua or route 117. In September you will find a gorgeous display,

all labeled where you can examine and select them to better advantage than at a crowded show.

Introduction

WE take pleasure in presenting this our 1935 Dahlia catalogue to our many friends. You will note the absence of some old favorites, but these have been supplanted by newer varieties because of their superiority in one way or another.

Our prices are consistent with quality. Low priced stock is generally expensive in the end.

We shall continue our policy of sending out only the strongest, healthiest stock it is possible to produce. Prompt and efficient service is assured.

J. H. SIEBRECHT.

MODERN DAHLIAS

There is no secret about growing exhibition Dahlias. It does not require expert knowledge. Anyone can grow them. All that is necessary, is to select good varieties and order them from a reliable grower. Start now by discarding your inferior stock, and replace them with some of the newer and better varieties. By adding a few each season you will have in a short time a good collection which you will never regret. You may leave the selection to us if you wish. Tell us what varieties you have and the amount you wish to spend.

DAHLIAS FOR CUT FLOWERS

Dahlias when properly grown and handled will keep longer than most flowers. Cut Dahlias in the morning when the dew is still on them. The earlier the better. Never cut them during the heat of the day. Cut with a fairly long stem, remove the lower leaves and place them deeply in cool, clean water. Leave the flowers in a cool place for a few hours so they draw water before using them.

ROOTS

The size of the roots varies according to the variety. A large root does not always result in a large plant or flower. The essential thing is a strong, healthy field-grown root, showing a growing eye or sprout. We send no roots with broken necks. Only strong, healthy roots in growing condition are shipped.

GREEN PLANTS

We make a specialty of green plants. They are properly grown, packed well, and safe delivery is guaranteed within a radius of 1500 miles. Plants are ready about May 1st. Although they require a little more care in planting than roots, and will not mature as quickly, yet they will give good satisfaction, and often produce larger flowers than roots. The price of plants being half the price of roots, affords many an opportunity to try out the newer introductions at a greatly reduced expenditure. We make no charge for packing and prepay transportation charges when remittance in full accompanies the order. Plant them as soon as they arrive, water thoroughly, and shade them during the hottest hours of the first few days.

CULTIVATION

Dahlias are easily grown. They require no special treatment or soil to bring them to perfection. An open sunny situation is the best, but they will succeed in partial shade. Dig holes about three feet apart and six inches deep. Drive a strong stake in each hole, then lay the root down flat with its crown toward the stake. Cover with two or three inches of soil until after the plant comes up, then fill in the balance.

We will send full cultural directions with each order. With these you should have no trouble in growing exhibition blooms, as they give you information on every stage of growth.

ORDER EARLY

Then you will get the varieties you want. Stock of some of the latest varieties is limited, so to avoid disappointment, we urge that you order early. All orders are filled in rotation, and stock is subject to prior sale. We will ship at the proper planting time, or whenever you desire them, if you specify the date.

TIME OF SHIPPING

We ship roots in April and May. If this does not agree with your plans, tell us when you want your order shipped. Roots shipped before April 1st are not guaranteed against loss by freezing.

NEW INTRODUCTIONS FOR 1935

**MAY ROBSON**

(Chappaqua Dahlia Gardens)

SEMI-CACTUS

Here is a Dahlia of real charm. A beautifully formed flower of clear bright pink, brighter in tone than Kathleen Norris. A true semi-cactus type, with strong, straight stems, which hold the blooms erect and facing. It is a beautiful Dahlia, and does credit to the name it so proudly bears. Very sturdy bush. Keeps well when cut. Something new, and something really fine. Honor Roll, 1934.

Roots, \$10.00; Plants, \$5.00

NEW INTRODUCTIONS FOR 1935

CLARON (Beauchamp) Formal Decorative

A cardinal red bloom with a gold reverse. Very attractive and one of the best keepers when out. Good straight stems and tough foliage.

DONNIE

POMPONS

THE BOUQUET DAHLIAS

Pompons are a small Ball-Type which, for show purposes, must not be over two inches in diameter. They are valuable in the garden, for they produce a profusion of blooms when there is a dearth of other flowers. They are useful for border planting and especially desirable for cut-flower uses due to their excellent keeping qualities. The plants are small, of branching habit requiring little or no staking. Try a few.

IF YOU WANT A THRILL

Grow Dahlias from seed. This is the way all new varieties are originated. Dahlias grown from seed will flower the first season. It is the most fascinating phase of Dahlia culture. Every seedling will be different, each a new variety. They will not all be prize winners, but if you secure good seed, your chances for success are greater. The seed we offer is well ripened and hand picked from strong, healthy bushes of the newest and best exhibition varieties. It is grown in a locality that is free from singles, pompon and other small types, and therefore should produce a good percentage of large double flowers. Don't waste your time and efforts on cheap seed. Buy the best and get results.

TRIAL PACKET (25 seeds), \$1.00 net postpaid

REGULAR PACKET (100 seeds), \$3.50 net postpaid

SELECT YOUR OWN EXTRAS

When your order totals \$5.00 or more, add stock of your own selection from this catalog to the amount of 15 per cent. On orders of \$10.00 or more, you may add 20 per cent. This is not a cash discount, and must be taken in stock. It applies to Dahlia Roots and Plants only. It does not apply to special collections, supplies or any items marked net. To receive these extras, cash must be sent with the order.

GENERAL INFORMATION AND SHIPPING INSTRUCTIONS

Substitution. Positively no substitution unless you request us to do so. It may be advisable to name a second choice when ordering late in the season, as the stock of some varieties may have become depleted, otherwise we will return your money.

Terms. 25% with order, unless parties are known to us, balance before shipment. Make remittance in the form of check, express or postal money order. Send no currency unless by registered letter.

C. O. D. We will ship roots C. O. D. in which case the customer pays the charges. *No plants* are sent C. O. D. as this causes delay.

Responsibility. We guarantee our product to be true to name and to reach you in good growing condition, but will in no way be responsible for the crop. In case of error on our part we will gladly replace or refund the purchase price of any article, that does not prove true to name. It is mutually agreed between the purchaser and ourselves, that we shall not at any time be held responsible for a greater amount than the original purchase price of the goods. Failures are generally due to causes beyond our control, such as weather, soil conditions, bad planting.

Errors. All errors or omissions will be satisfactorily adjusted, if we are notified upon receipt of goods.

Our Policy is to grow the best stock we know how, and of the finest varieties in existence. To fill each order with the best roots and plants it is possible to produce in order to give each customer the satisfaction he has a right to expect.

Transportation Charges. Retail. We prepay transportation charges on all Dahlia orders amounting to \$2.00 or more. On orders amounting to less than \$2.00 add 25c. to cover the postage. On plant orders include 25c. if you want them shipped special delivery.

Notice to Foreign Customers. Remit by Postal Money Orders from foreign countries. Do not remit by personal checks.

Canadian Customers Please Note. In accordance with the ruling governing the importation of Nursery Stock from the United States into Canada, it will be necessary to obtain a permit from the Secretary of the Destructive Insect and Pest Act Advisory Board, Department of Agriculture, Ottawa, and file same with the Collector of Customs before shipment can be cleared. Seeds are exempt from this ruling, and may be shipped into Canada without a permit. Dahlia roots come under the classification of Nursery Stock.

This ruling must be complied with in order to make delivery and we ask you, in the event of an order, to secure this permit, advising us of the number of same, that we may mark it on the outside wrapper.

MANY VARIETIES NOT LISTED

If you do not find the varieties you want in this catalogue, write us. We have many of which stock is too limited this season to catalogue. But we will be glad to quote you our lowest prices on them.

While we list plants of only certain varieties, we will grow plants of any variety we list, at one-half the price of tubers, unless the price shall amount to less than 50c., which is the minimum price per plant. Should you desire plants we do not list, we will grow them for you if your order reaches us not later than March 10th, but would request that you send it to us as early as possible.
